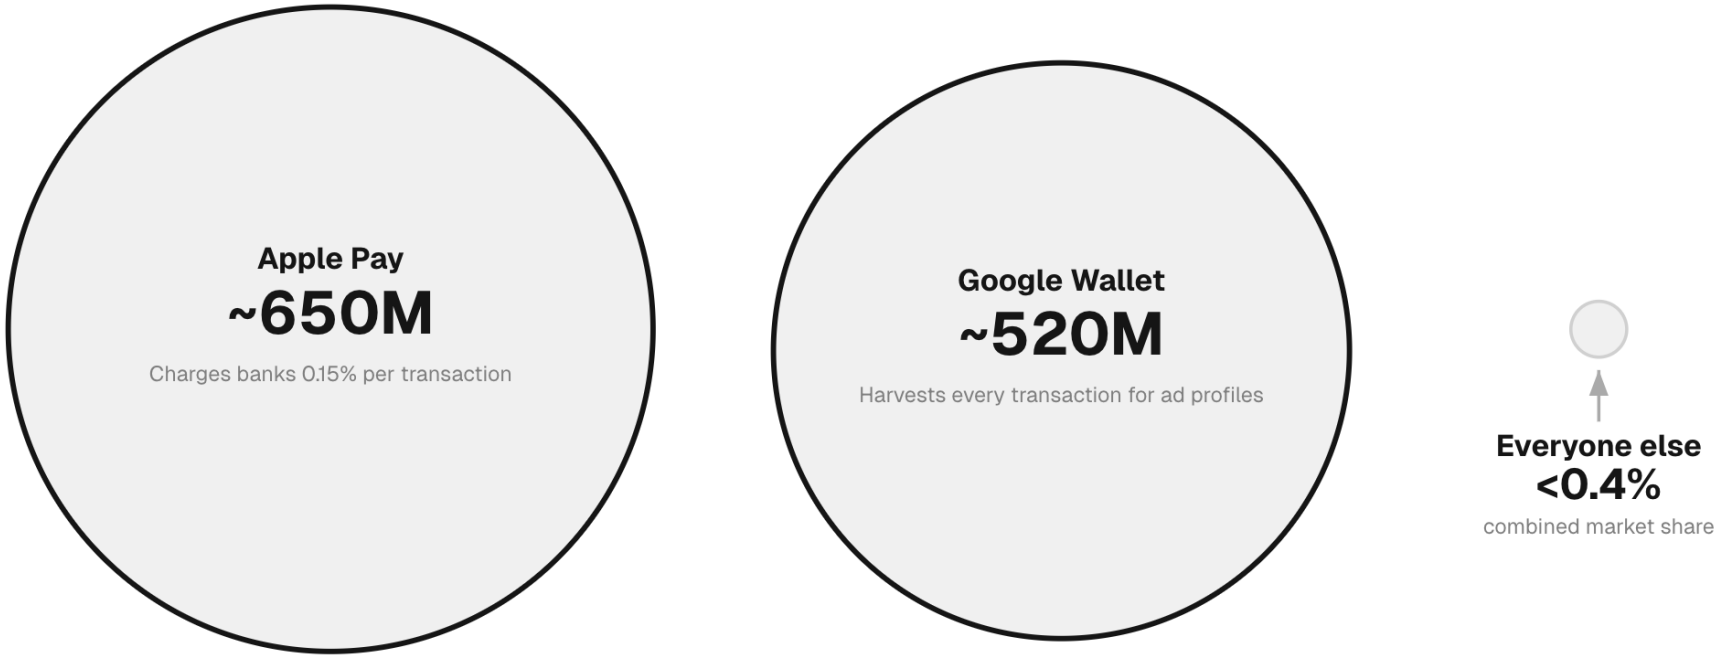
Walt

Europe reclaims tap-to-pay

The Problem

Tap-to-pay lives with US monopolies



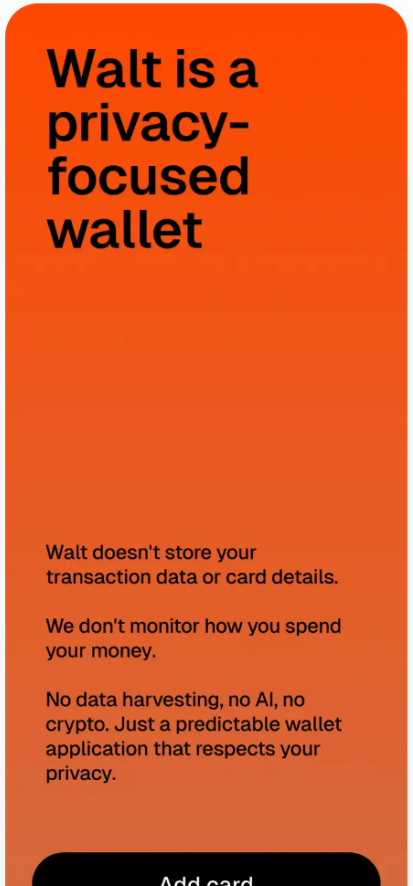
Sources: CoinLaw, WSJ / DOJ, StatCounter

Solution

European tap-to-pay

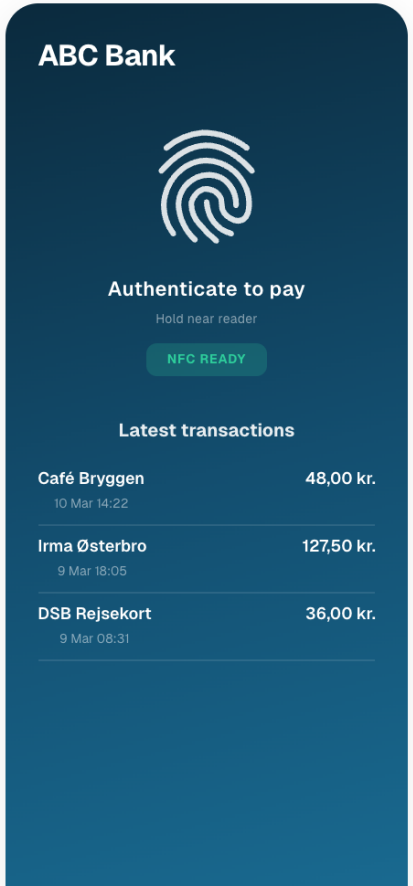
B2C

Walt App



B2B2C

Walt for Banks



Why Now?

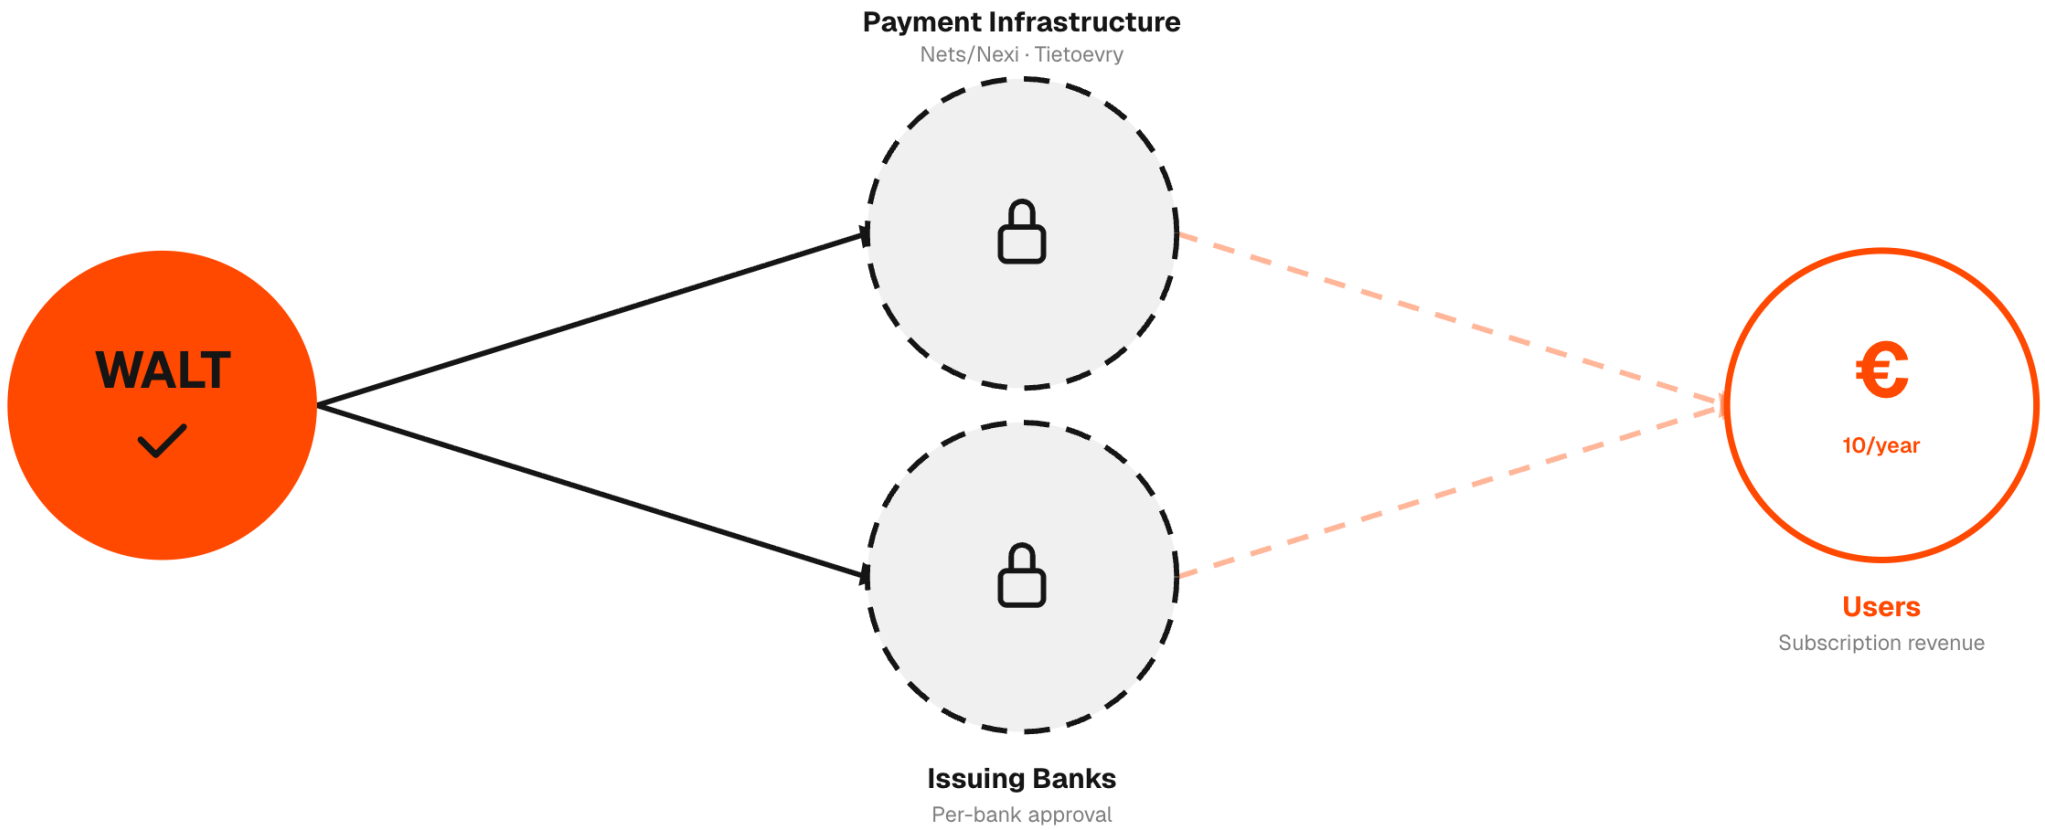
July 2025

EU forced Apple and Google to open NFC access. For the first time, a privacy alternative to tap-to-pay can exist.

Sources: European Commission, US DOJ

Challenges

Two partnerships before revenue



The Market

Already established pay-for-privacy market
